

## Our Philosophy

The Steele Group has grown into one of the most unique insurance agencies in Oregon and beyond. Our professional and dedicated staff has earned the respect of our clients as well as the companies we represent. We have professionals in every area of insurance, not just agents who focus on policies and prices, but people from our community who can assist you in determining what you need to insure your family, protect your assets, or meet your business needs.

We are an independent insurance agency. We partner with the leading carriers which enable us to obtain prices and insurance rates from several different companies to find the best combination of coverage and price for your insurance needs. Once your coverage is in place, our job really begins. We work as your advocate, providing ongoing advice, guidance and support.
